

# TEAMSTER

"I'm proud to work in an industry that helps run the economy. Without us, it would be difficult for people to get the products and goods they need."

## ABOUT THIS CAREER

Teamsters move crews and materials using a pickup truck to a rock truck to a nine axle lowboy. There is no sector of industry, be it heavy construction, agriculture, manufacturing, road building, or oil and gas, which does not require the services of Teamsters. Teamsters drive a wide range of motorized vehicles in a safe and skillful manner.
